

# 7 CLAIM DENIALS TO WATCH OUT FOR IN EARLY 2026

## How Reenix Excellence Helps You Prevent Them?

Claim denials continue to impact revenue across hospitals and specialty practices. In early 2026, the most common denials aren't surprising — but they're still costing providers time, money, and productivity.

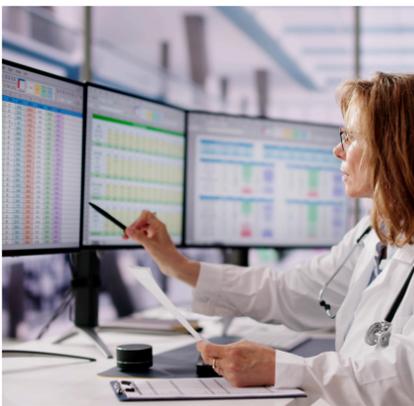

### The 7 Claim Denials + Fixes

#### Problem

#### Solution

- Modifier Errors:** → Payer-specific modifier checks.
- Missing Auth** → Pre-auth tracking alerts
- Coding Errors** → Certified coder review.
- Wrong POS Code** → CMS-aligned POS validation
- NPI Mismatch** → Automated NPI verification.
- Eligibility Expired** → Real-time eligibility checks
- Unbundled Codes** → NCCI bundling edits

### Reenix Excellence = Results

- Reduced denial rates by up to **30%** within 90 days
- Faster reimbursement cycles
- Cleaner claims resulting in fewer reworks and more time for patient care
- Specialized billing for 15+ medical specialties
